

Alliance | Advocacy | Action

To Whom it May Concern,

This letter is to acknowledge that Municipality of Agia Varvara has registered an event with the World Hearing Forum entitled "World Hearing Day 2023 : "The importance of hearing loss in the elderly"" in celebration of World Hearing Day 2023.

World Hearing Day is held on the 3rd of March each year to raise awareness on how to prevent deafness and hearing loss and promote ear and hearing care across the world. Each year, the WHO decides the theme and develops a brochure on the topic based on the best available evidence as well as advocacy materials such as posters, banners, infographics, and presentations, among others.

The World Hearing Day materials are shared with partners in government and civil society around the world, as well as WHO colleagues across the Organization. At its headquarters in Geneva, WHO organizes an annual World Hearing Day seminar. In recent years, an increasing number of Member States and other partner agencies have joined World Hearing Day by hosting a range of activities and events in their countries.

Please contact the World Hearing Forum at whf@who.int if you would like more information about World Hearing Day. Let's all celebrate World Hearing Day on March 3rd.

Sincerely,
Arun K. Agarwal, MBBS
James E. Saunders, MD
Co-Chairpersons World Hearing Day group World Hearing Forum

World Hearing Day

World Hearing Day 2023 Registered Event

**WORLD
HEARING DAY**
3 MARCH 2023

Primary health care can address over 60% of
the need for ear and hearing care services

**EAR AND HEARING
CARE FOR ALL!**
Let's make it a reality

Make Listening Safe

Municipality of Agia Varvara

World Hearing Day 2023 : "The importance
of hearing loss in the elderly"

Organization Name

Municipality of Agia Varvara

Project Title

World Hearing Day 2023 : "The importance of hearing loss in the elderly"

Briefly outline the planned event. Please limit to 150 words

The 2-stage event is going to take place at the cultural center of the Municipality of Agia Barbara and is addressed to people over 60 years old.
The program will start with a 20min presentation about the importance of hearing loss, prevention, and treatment of hearing problems.
Then, a pro bono medical examination and audiological test will be performed, followed by an ENT specialist consultation (Dr.Georgia Katsouli MD-PhD) .
